Sustainability

A responsible use of resources and energy is one of our cornerstones of our corporate philosophy.

ENERGY

Energy Management System according to DIN EN ISO 50001

AIR

Production facilities, thermal aftertreatment and the textile finishing plant according to Federal Emission Control Ordinance (4th BImSchV)

WATER

Water process: Multi-stage filtration process; 90% reprocessing

Waste water: filtered and regularly controlled disposal

BY-PRODUCTS

Externally: resale for fiber recovery

Internally: special tearing process: use of recycled fibers in selected products

RAW MATERIALS

REACH conformity

Use of natural fibers

Ask for our FSC™-certified products!

The mark of responsible forestry
